# 4.42.0

Release Notes - Webdesk - Version 4.42.0 - May 30, 2022

## New Features

- [WD-13625[1]] - The daily target time can now be displayed in the attendance board.

## Bugs & Improvements

- [WD-13952[2]] - Fixed an issue with drag & drop of attachments in processes.
- [WD-13981[3]] - Fixed an issue in HR-Export that allowed the deletion of non-existent files
- [WD-14113[4]] - Fixed an issue in the workflow list filters that, under certain circumstances, prevented filtering by persons/groups.
- [WD-13941[5]] - Improved performance of the Office 365 synchronization.
