4.44.0

Release Notes - Webdesk - Version 4.44.0 - July 13, 2022

Bug

- [WD-12775[1]] - Fixed an issue that made it possible to delete employment states when the user had a special access right that prohibits this.
- [WD-13954[2]] - Fixed an issue that caused the automatic time correction option to be displayed in business trips even though it was not enabled in the trip type.
- [WD-13991[3]] - Fixed an issue with the business trip report.
- [WD-14247[4]] - Fixed an issue with the selection of persons in sick leave notifications that affected persons with identical first and last names

Improvement

- [WD-13832[5]] - Attachments in processes are now renamed automatically if the same file name is used.
- [WD-14046[6]] - The staffing plan report now takes planned future exits into account.
