4.49.5

Release Notes - Webdesk - Version 4.49.5 - January 27, 2023

Bugs Were Fixed in the Following Areas

- [WD-15099[1]] - The account correction form could not be opened if an editable date was configured
- [WD-15056[2]] - Performance optimization of the job DeleteOldLogs
- [WD-15074[3]] - The photo tooltip in the person search is now displayed with the correct font again
- [WD-15092[4]] - Time correction processes were started without data if the form was filled in a special way
