

# Job WfCheckDeadlines

Der Job WF Check Deadlines überprüft die Deadlines laufender Prozesse.

The screenshot shows the configuration interface for a job named 'WfCheckDeadlines'. The interface is divided into several sections:

- Job Header:** A clock icon followed by the text 'Job'.
- Navigation Bar:** Contains four buttons: 'Speichern' (Save), 'Speichern & Schließen' (Save & Close), 'Zurück' (Back), and 'Job starten' (Start Job).
- Job Details:**
  - Name:** A text input field containing 'WfCheckDeadlines'.
  - Aktiv:** A dropdown menu set to 'Ja' (Yes).
  - Beschreibung:** A text area containing 'Checks Deadlines of running Process instances'.
- Trigger Section:** A tabbed area with the 'Trigger' tab selected.
  - Zeitplan Typ:** A dropdown menu set to 'Täglicher Trigger' (Daily Trigger).
  - Einstellungen:** A sub-section with two rows of settings:
    - Stunde (Hour): A dropdown menu set to '13'.
    - Minute (Minute): A dropdown menu set to '34'.
  - Löschen:** A checkbox that is currently unchecked.
- Neuer Trigger:** A sub-section with a dropdown menu set to 'Nichts gewählt' (Nothing selected).

Eine detaillierte Beschreibung zu den Job-Parametern finden Sie im Kapitel **Jobs**.
