

Improvements

Travel Expense Tracking

- [[WD-21052](#)¹] - Extension of the travel expense request form with an option that displays only the relevant fields for advance payment requests.
- [[WD-21051](#)²] - Adjustment of the calculation for advance payment entries so that the advance amount is taken into account correctly.

Reporting

- [[WD-20927](#)³] - The name of the dashlet was adjusted so that it now corresponds more clearly to the displayed content.

Performance

- [[WD-21533](#)⁴] - Optimization of the speed when opening the context menu in the person list, so that menu entries are now displayed faster.

Bug Fixes

Time & Attendance

- [[WD-21562](#)⁵] - Fix for an issue where the time tracking module could switch to the remaining server with a delay after a connector failure.
- [[WD-21359](#)⁶] - Fix for an issue where the Excel export of the calendar did not work.
- [[WD-21263](#)⁷] - Fix for an issue where reasons for time entries could not be displayed or edited.

Project Time Tracking

- [[WD-21372](#)⁸] - Fix for an issue in project time tracking where, after deleting a project entry, negative times were displayed and new entries could not be added.

Travel Expense Tracking

- [[WD-21574](#)⁹] - Fix for an issue where an error could occur under certain circumstances when creating a travel booking.
- [[WD-21481](#)¹⁰] - Fix for an issue where manually created mileage reports were deleted when saving a trip with the travel plan option active.

HR Expert

- [[WD-21569](#)¹¹] - Fix for an issue where, in the HR Expert administration, the assigned time model was incorrectly removed for part-time employments.
- [[WD-21567](#)¹²] - Fix for an issue where planned changes in the time models area could be lost after saving under certain conditions.
- [[WD-21546](#)¹³] - Fix for an issue where an error message could occur when opening the time tracking tab in HR Expert if fields were assigned twice.

- [[WD-21011](#)¹⁴] - Fix for an issue in HR Expert where creating or editing the bonus type "Bonus 8%" resulted in an error message.

Administration

- [[WD-21572](#)¹⁵] - Fix for an issue that made it impossible to create a new group in the administration area.
- [[WD-21299](#)¹⁶] - Fix for an issue where deleting a client failed if permission assignments with client competence were still assigned to it.

Interfaces

- [[WD-21154](#)¹⁷] - Correction of misleading error messages in the calendar synchronization log so that expired connections are detected correctly.
