

Bug Fixes

Time & Attendance

- [[WD-22101](#)¹] - Fix for an issue where the monthly total row in the time tracking statistics incorrectly displayed a dash instead of the correct total for empty months.

Travel Expense Tracking

- [[WD-21603](#)²] - Fix for an issue where validation errors in the 'Receipts' tab of travel expense tracking were not visible on Surface tablets.

Reporting

- [[WD-20945](#)³] - Fix for an issue where education entries without a status were not displayed in the 'Education' report.

Administration

- [[WD-22139](#)⁴] - Fix for an issue where the button for creating a new client temporarily disappeared after a client was created.

Permissions

- [[WD-22116](#)⁵] - Fix for an issue where changes to permissions did not take effect immediately because the permission cache was not updated automatically.

Other Bug Fixes

- [[WD-22147](#)⁶] - Fix for an issue where the button for canceling workflows was not always displayed correctly.
- [[WD-22115](#)⁷] - Fix for an issue where error messages about build results for frontend tests were sent in error.
