

Bug Fixes

HR Expert

- [[WD-22367](#)¹] - Fix for an issue where saving a position with an existing competency assignment could fail under certain circumstances.
- [[WD-22360](#)²] - Fix for an issue where the selected employee could be lost when saving a position assignment in HR Expert.
- [[WD-22265](#)³] - Fix for an issue where certain positions were not displayed in the "Position Plan" report after a reassignment.

Miscellaneous

- [[WD-22320](#)⁴] - Migration of the remaining automated tests from JUnit 4 to JUnit Jupiter for a modernized test infrastructure.
- [[WD-22229](#)⁵] - Optimization of the automated tests by reusing a MySQL test container for multiple test runs.
- [[WD-22000](#)⁶] - Migration and standardization of the automated integration tests for an improved test environment.
- [[WD-21994](#)⁷] - Optimization of the test environment and performance improvement by adjusting the Spring test contexts.
