

## 4.63.9

Release Notes - Webdesk - Version 4.63.9 - March 12, 2026

---

### Improvements

#### Travel Expenses

- [[WD-20376](#)<sup>1</sup>] - Improvement of the travel expense report: Uploaded receipts can now be viewed before the approval process is started.

#### Project Time Tracking

- [[WD-19794](#)<sup>2</sup>] - Extension of project time tracking: Additional project attributes can now be configured in the favorites and are correctly carried over into the time entries.

### Bug Fixes

#### Travel Expenses

- [[WD-20285](#)<sup>3</sup>] - Fix for an error where approved travel expenses in the batch approval process sometimes received the wrong status and were consequently not processed correctly.

#### Login/Logout

- [[WD-20328](#)<sup>4</sup>] - Fix for an error where incorrect or inconsistent user names were displayed in log messages.
