

Improvements

Travel Expenses

- [[WD-20377](#)¹] - Improvement of the trip detail view: The remark on mileage allowance entries is now displayed in the detail view.

Bug Fixes

Time & Attendance

- [[WD-19805](#)²] - Fix for an error in time tracking where open bookings were incorrectly deleted.

Project Time Tracking

- [[WD-20465](#)³] - Fix for an issue where the comment field in project time tracking no longer automatically expanded when multi-line text was entered.

HR Expert

- [[WD-20301](#)⁴] - Fix for an issue in HR Expert where the IBAN field removed characters and thereby prevented bank details from being saved.

Interfaces

- [[WD-20391](#)⁵] - Fix for an error in the "taAbsenceEntryConnector" where weekends were incorrectly included in the export.

Mobile App

- [[WD-19990](#)⁶] - Fix for an issue in the mobile app that prevented typing into name fields of the correction client.

Travel Expenses

- [[WD-20475](#)⁷] - Fix for an error where uploading attachments to special travel receipts failed in Microsoft Edge and Firefox.
- [[WD-20463](#)⁸] - Adjustment of the travel expense display: advance payments are now only displayed if they are actually configured.
