

Improvements

Time & Attendance

- [[WD-19589](#)¹] - New display for unused fields of field groups added in the client settings.
- [[WD-19542](#)²] - When a new field group is added in the time tracking settings, all fields, including non-public ones, are now adopted automatically.
- [[WD-19582](#)³] - New button added for adding multiple time field groups at the same time.

HR Expert

- [[WD-19880](#)⁴] - Extension of the HrPersonConnector with automatic creation of the hiring status for new persons.

Bug Fixes

Project Time Tracking

- [[WD-19928](#)⁵] - Update of the attendance information in the popover of project time tracking so that changes are visible immediately.

HR Expert

- [[WD-19895](#)⁶] - Bug fix when deleting employees from the trash who have existing substitute assignments.
- [[WD-19514](#)⁷] - Fix for an error in HR Expert: non-public collective agreements are now automatically assigned to the creator's client.

Interfaces

- [[WD-19929](#)⁸] - Fix for an error message in the job for managing email forwarding rules.

Mobile App

- [[WD-19732](#)⁹] - Fixed a display issue with mobile notifications; toast messages are now displayed correctly and visibly.

Other Bug Fixes

- [[WD-19967](#)¹⁰] - Correction of the automatic date shifting in the Event Assistant; past event dates are retained after the draft status.
- [[WD-19935](#)¹¹] - Fix for an error message in the out-of-office job to improve system stability.
