

Bug

- [[WD-12202](#)¹] - Fixed an issue where pagination of tables did not work for the action "ta_getorgJournal".
- [[WD-12334](#)²] - Fixed an issue where persons were able to delete their profile pictures even though this was disabled in the client settings.
- [[WD-12354](#)³] - It is now possible to make vehicles mandatory in business trip requests.
- [[WD-12373](#)⁴] - Fixed an issue where the mileage deduction in business trip requests was not displayed correctly.
- [[WD-12433](#)⁵] - Fixed an issue where it was not possible to start a business trip when the default expense report contained "2 vehicle types" but no vehicle was selected in the trip.
- [[WD-12473](#)⁶] - Fixed an issue that occurred under certain conditions when the correction client was opened in the daily view.
