

New Features

- [[WD-18283](#)¹] - New job for importing photos from Azure AD (Entra ID) via GraphAPI.
- [[WD-18178](#)²] - Custom Raiffeisen branding is now available and can be selected in the system parameter *PoOptions.branding*.

Improvements

UI Optimizations

- [[WD-17767](#)³], [[WD-17318](#)⁴] - Various improvements to the UI, including unified font sizes and optimized navigation.
- [[WD-17768](#)⁵] - Corrected the font size in vacation calculations.
- [[WD-18349](#)⁶] - Dashboard colors adjusted to the dark mode palette.
- [[WD-15507](#)⁷] - Improved display of changed bookings in time correction requests to make it easier to understand exactly what was changed and how.
- [[WD-18142](#)⁸] - User image size on the welcome page set to 150px.

Removal of Technologies No Longer in Use

- [[WD-14639](#)⁹] - Complete removal of *Xinha*
- [[WD-17870](#)¹⁰] - Removal of the deprecated property *PoConnector.writeable*
- [[WD-17888](#)¹¹] - Removal of the no longer used *EvmAgendaEntry* class
- [[WD-17871](#)¹²] - Removal of deprecated properties *destinationConnector* and *sourceConnector* from the linked connectors
- [[WD-17995](#)¹³] - Removal of *DbConnectorImpl* and associated legacy code.

Performance Improvements

- [[WD-17881](#)¹⁴] - Faster loading times in HR Expert when displaying persons.

Form and Workflow Improvements

- [[WD-17024](#)¹⁵] - Added "Next" and "Previous" step buttons in travel expense forms for approvers.

Data Validation and Consistency

- [[WD-18088](#)¹⁶] - Names of menu tree templates restricted to unique values.
- [[WD-18273](#)¹⁷] - Added a creation date for acknowledgeable messages.
- [[WD-18087](#)¹⁸] - Jobs adjusted to avoid anonymous (unnamed) jobs.

Workflow and Process Optimizations

- [[WD-16983](#)¹⁹] - Automatic deletion of 0-minute bookings in the time correction form (if auto-loading of bookings is active) to avoid validation errors.

Improved Logging

- [[WD-18250](#)²⁰] - Added additional system information to the server logs.

Bug Fixes

- [[WD-18162](#)²¹], [[WD-18163](#)²²], [[WD-18104](#)²³], [[WD-18113](#)²⁴], [[WD-18180](#)²⁵], [[WD-18133](#)²⁶] - Fixed various display problems in dark mode, including hover effects and text colors in calendars and dropdowns.
- [[WD-18554](#)²⁷] - Corrected faulty color variables in themes.
- [[WD-18431](#)²⁸], [[WD-18430](#)²⁹], [[WD-18421](#)³⁰] - Fixed color values replaced with correct theme variables to ensure consistent coloring in all modes.
- [[WD-18260](#)³¹] - Fixed a font size problem in the person editor.
- [[WD-18127](#)³²] - Corrected color error for menu icons in dark mode.
- [[WD-18448](#)³³] - Fixed the initial loading delay of the attendance tableau cards. Cards now appear immediately after loading completes, including a loading spinner for additional data.
- [[WD-17806](#)³⁴] - Made the context menu in the card view available on mobile devices.
- [[WD-18505](#)³⁵] - Corrected the empty row in Excel exports of simple data lists.
- [[WD-17002](#)³⁶] - Fixed an error message in the Responsive Web App when submitting requests from the open tasks.
- [[WD-18318](#)³⁷] - Fixed an error message related to the caches.
- [[WD-18084](#)³⁸] - Fixed an error when exporting attachments as a ZIP file when umlauts are used in text module names.
- [[WD-18725](#)³⁹] - Fixed an error message when approving time corrections.
- [[WD-18359](#)⁴⁰] - Corrected an error message when creating vacation requests.
- [[WD-18152](#)⁴¹] - Fixed faulty buttons for new persons in HRX with restricted group permissions.
- [[WD-18154](#)⁴²] - Restored the missing bank account category in the user settings
- [[WD-18053](#)⁴³] - Fixed a problem where duplicate dashlets could be added in the HRX dashboard
- [[WD-17164](#)⁴⁴] - Icons for absence reasons can now be left empty or inherited from the parent category.
- [[WD-17760](#)⁴⁵] - Improved TO-DO dashlet information in case of an error.
- [[WD-18271](#)⁴⁶] - Fixed problems with spaces disappearing between HTML tags in system messages on the welcome page.
- [[WD-18353](#)⁴⁷] - Summary tables in the account overview now correctly support dark mode on hover.
- [[WD-18039](#)⁴⁸], [[WD-18054](#)⁴⁹] - Correction of font sizes and layout problems in HRX.
- [[WD-17948](#)⁵⁰] - Fixed an error with the filter button in the mobile view of the dashboard, which caused the menu to close when the button was pressed.
- [[WD-18039](#)⁵¹] - Corrected validation errors for acknowledgeable messages.
- [[WD-18054](#)⁵²] - Fixed an error with a truncated heading in HRX.
- [[WD-18394](#)⁵³] - Corrected the separator for regular hours from "." to ":" in the time overview popup in project time tracking.
- [[WD-18316](#)⁵⁴] - Fixed the faulty display of text modules for account values in the TA dashboard.
- [[WD-18204](#)⁵⁵] - Fix for an error message when sending acknowledgeable messages.
- [[WD-18201](#)⁵⁶] - Fixed a warning message in the logs.

- [[WD-18445](#)⁵⁷] - Fixed a problem with popouts that extended beyond the screen edge in certain positions.
- [[WD-17917](#)⁵⁸] - Corrected an error message in the color selection for absence reasons.
- [[WD-18517](#)⁵⁹] - Fixed scrolling problems in JournalV2 tables in the desktop view.
- [[WD-18449](#)⁶⁰] - Fixed scrolling problems in JournalV2 tables on mobile devices.
