

Improvements

- [[WD-18863](#)¹] - A new option was introduced that allows system messages to also be passed on to subgroups of a selected main group.
- [[WD-18687](#)²] - The details of open tasks for acknowledgeable messages now additionally display the title of the message.

Bug Fixes

- [[WD-19043](#)³] - Various lists in "HRX" (e.g. "Contingencies" and "Evaluations") ignored the client selection and displayed all data system-wide.
- [[WD-19057](#)⁴] - Certificate expiration dates were not displayed in HRX reports.
- [[WD-19042](#)⁵] - System messages valid only for the current day were not displayed.
- [[WD-19063](#)⁶] - During the automatic shift change, an error message occurred on customer systems despite correct configuration.
- [[WD-19038](#)⁷] - Corrected a typo in the German translation.
- [[WD-19018](#)⁸] - Changes to calendar configurations were not saved.
- [[WD-19054](#)⁹] - In isolated cases, the percentage distribution of attendance times across projects failed. The problem was fixed.
- [[WD-18631](#)¹⁰] - In Personalwolke, an error occurred due to overfull queues.
