

4.5.39

Release Notes - Webdesk - Version 4.5.39 - March 17, 2020

Bug

- [[WD-10654](#)¹] - Fix for an issue where the message that substitute approval is allowed was not displayed
- [[WD-10748](#)²] - Fix for an issue where requests were not displayed in the to-do lists when custom roles were used
- [[WD-10848](#)³] - Fix for an issue where an additional faulty booking was sometimes created via KIOSK

New Feature

- [[WD-10736](#)⁴] - Added a summary of mileage allowances, per diems and expenses to travel folders

Improvement

- [[WD-10677](#)⁵] - Option to show or hide the Taxable/Tax-free columns in travel expense reports
- [[WD-10679](#)⁶] - When creating a new person in HR-Expert, the "Entry date" is now the leading factor
