

4.2.2

Bug

- [[WD-8251](#)¹] - HR-Expert: the second reason of employment change in future is not saved
- [[WD-8261](#)²] - Get my open Todos: Filter shows no processes when all persons are selected

Bug

- [[WD-7210](#)³] - Absence code "Attendant" which has productive=true is falsely included in a REST response for productive=false
- [[WD-7994](#)⁴] - "Now"-Button of time chooser does not fill with the current time, but an earlier one
- [[WD-8161](#)⁵] - Creating a new kiosk fails as automatic techuser generation fails due to number generator service not properly incrementing numbers
- [[WD-8233](#)⁶] - HR-Expert: Error P19 when changing the validity of a role assignment to the past date
- [[WD-8282](#)⁷] - You cannot open past secondary jobs to see the details
- [[WD-8304](#)⁸] - ArrayIndexOutOfBoundsException when trying to access alfresco via dm_folderExplorer
- [[WD-8314](#)⁹] - React based Action breaks on subsequent loads
- [[WD-8352](#)¹⁰] - Buttons don't work when adding user picture which has none yet
- [[WD-8375](#)¹¹] - React/Typescript integration broken after re-configuration of webpack + dependencies
- [[WD-8377](#)¹²] - Exception when opening a report with translation of selectionlists activated

New Feature

- [[WD-7970](#)¹³] - "Edit Project Times" should support "Enforce 0min effort duration"

Task

- [[WD-6726](#)¹⁴] - Delete Person-related data in TM module
- [[WD-8298](#)¹⁵] - Webdesk build fails on webdesk-tools-js when not connected with company network

Improvement

- [[WD-7639](#)¹⁶] - Deleting a kiosk entity should also delete its association to projects
- [[WD-8188](#)¹⁷] - Button with dropdown menu
- [[WD-8322](#)¹⁸] - Provide Access to viewpermissions in Rest-Endpoints
