4.50.6

Release Notes - Webdesk - Version 4.50.6 - March 15, 2023

Bug Fixes

- [WD-15315[1]] - UI improvement of the table of transferred files
- [WD-15349[2]] - Fixed an issue that caused the content of the transfer to be duplicated when file transfers were started multiple times
- [WD-15355[3]] - Fixed an issue that made the date picker in pop-up windows non-interactive
