Documents TO-DOs

The following documents where either created empty and assigned to specific authors in order that they bring in content or existing content has to be reworked. In the content itself there should be couple of questions or titles specifying futher what needs to be done.

As soon as writing, quality assurance has ended in the document, please remove the custom field 'TODO'

TO-DOs

ID	Name	Zusammenfassung	TODO	Erstellungsdatum
883-dsy	Changing the Password	Logging in to Webdesk can be done either automatically via single sign-on or via a separately stored password, which is set by the administrator. In Webdesk, the password can be changed in the following ways: Change of the password by the user The user changes his or her password in the user se...
