The screenshot shows the user interface of the 'webdesk EWP' system. At the top left, there is a hamburger menu icon followed by the text 'webdesk EWP'. At the top right, there is a notification bell icon with a red '8' badge, a user profile picture, and the name 'Lehner Ulrike' with a dropdown arrow. Below the header is a dark sidebar menu with a search bar at the top. The menu items are: Home (highlighted), Booking, Info, Requests, Project time, Management, Special Reports, Business Trips, Workflow, Planning my employees, Extended functions, Administration, and Administration. The main content area has a light blue background with a decorative pattern of autumn leaves. It features a circular profile picture of a woman, the text 'Welcome Ulrike to your personal webdesk', and a message 'We are wishing you a productive day...'. Below this is a 'New quick note' section with a text input field, a placeholder text 'Write a note to remember important things', and a 'Save' button.
