

# General overview

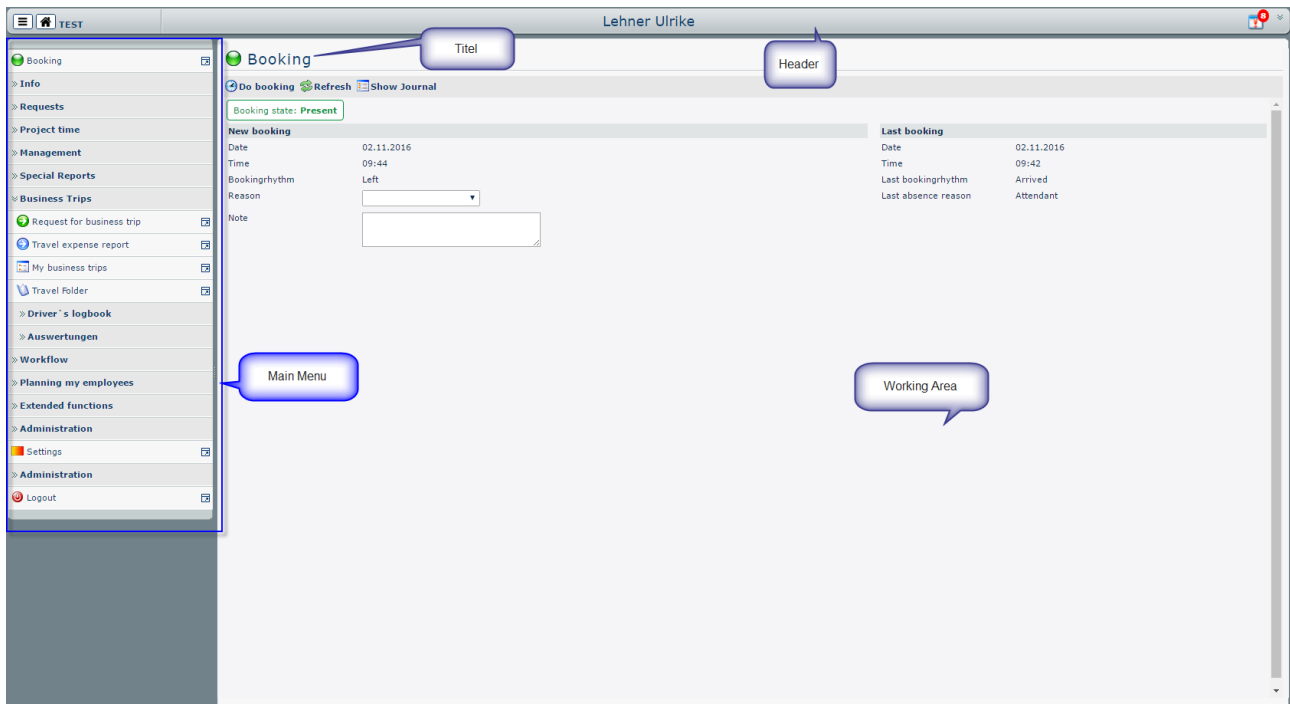

The general used UI elements are described in detail on the next pages.

There are 2 different skins:

- Classic
- Responsive
  - Desktop
  - Mobil
  - Dynamisch

Nearly all is configurable, so these screenshots are only in a million it can look like.

Classic:

The screenshot displays the 'Booking' page in the webdesk EWP system. The interface consists of a dark sidebar menu on the left, a top header, and a main content area. The sidebar menu includes options like Home, Booking, Info, Requests, Project time, Management, Special Reports, Business Trips, Workflow, Planning my employees, Extended functions, and Administration. The main content area is titled 'Booking' and features a 'Do booking' button, 'Refresh', and 'Show Journal' options. Below this, the 'Booking state' is shown as 'Present'. Two panels are visible: 'New booking' and 'Last booking'. The 'New booking' panel contains fields for Date (02.11.2016), Time (09:44), Bookingrhythm (Left), Reason (a dropdown menu), and Note (a text area). The 'Last booking' panel shows Date (02.11.2016), Time (09:42), Last bookingrhythm (Arrived), and Last absence reason (Attendant). Callouts point to 'Titel' in the header, 'Header' in the top right, '(Main) Menu' in the sidebar, and 'Working Area' in the main content area.
