

# General overview

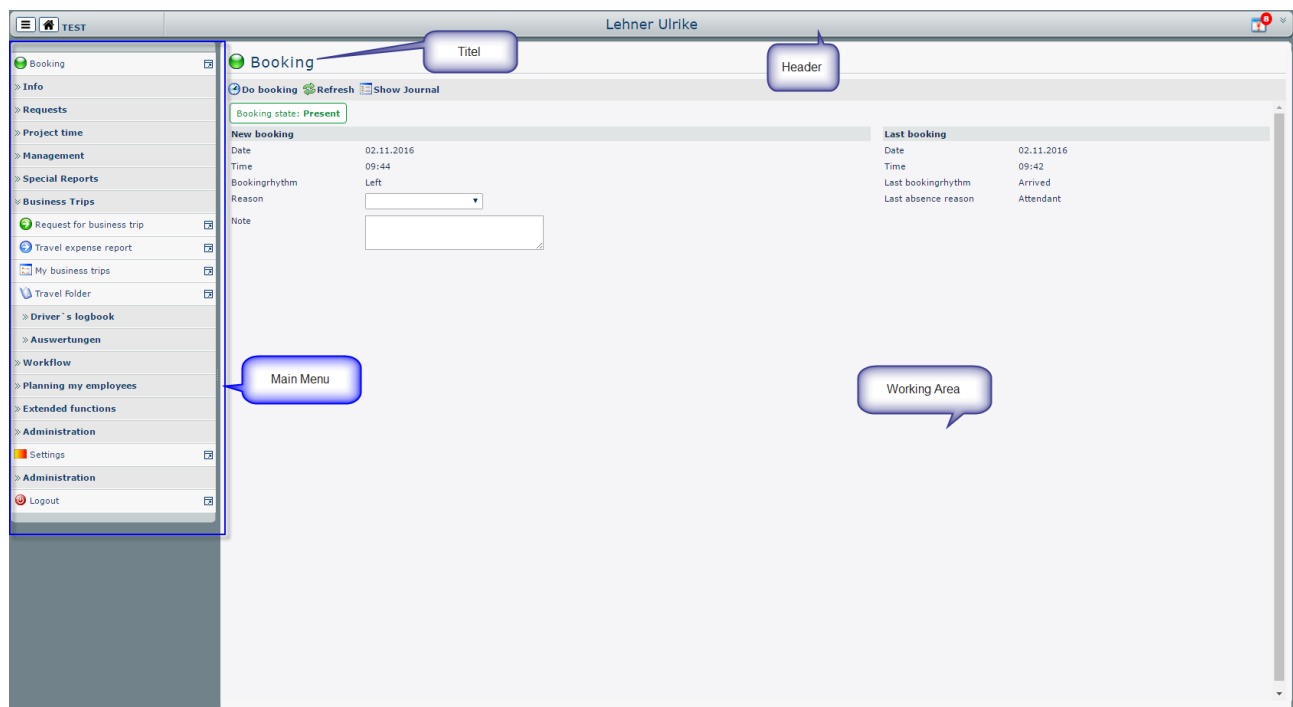

The general used UI elements are described in detail on the next pages.

There are 2 different skins:

- Classic
- Responsive
  - Desktop
  - Mobil
  - Dynamic

Nearly all is configurable, so these screenshots are only in a million it can look like.

Classic:

The screenshot displays the 'webdesk EWP' interface. On the left is a dark sidebar menu with a search bar and categories like 'Home', 'Booking', 'Info', 'Requests', 'Project time', 'Management', 'Special Reports', 'Business Trips', 'Workflow', 'Planning my employees', 'Extended functions', and 'Administration'. The main content area has a light blue header with the title 'Booking' and a user profile 'Lehner Ulrike'. Below the header are buttons for 'Do booking', 'Refresh', and 'Show Journal'. The main area shows 'Booking state: Present' and two panels: 'New booking' and 'Last booking'. The 'New booking' panel contains fields for Date (02.11.2016), Time (09:44), Bookingrhythm (Left), Reason (dropdown), and Note (text area). The 'Last booking' panel shows Date (02.11.2016), Time (09:42), Last bookingrhythm (Arrived), and Last absence reason (Attendant). Callouts point to 'Title', 'Header', '(Main) Menu', and 'Working Area'.

Responsive:
