# 4.2.5

Release Notes - Webdesk - Version 4.2.5

## Bug

- [WD-7347[1]] - PtmStopAndContinueEfforts: job terminates abnormally due to too many persons in the system (>2100)
- [WD-8255[2]] - Travel expenses are wrong calculated when record with foreign currency is paid by company
- [WD-8401[3]] - If the Android Device ID is unfilled it should be null instead of an empty string which creates uniqueness false alerts
- [WD-8429[4]] - Kiosk falsely does not show a manually inserted effort as the last effort
- [WD-8458[5]] - Valid from has to be before valid to
- [WD-8460[6]] - "id to load is required for loading" exception after deleting person and selecting date
- [WD-8487[7]] - Process filter for sadmin not working any more
- [WD-8491[8]] - Roles can not be deleted in hr-expert
- [WD-8511[9]] - Regression: Filter buttons not working in editCurrency
- [WD-8578[10]] - Kiosk deletion fails because of missing delete log
- [WD-8579[11]] - Trashbin: Kiosk restoration fails with NPE
- [WD-8630[12]] - Assigned requests- empty table after refresh
- [WD-8637[13]] - Regression: workflowlists throw exceptions in context of sadmin
- [WD-8645[14]] - WebpackConfig -> need to export multiple configs in webclient project
- [WD-8652[15]] - Person falsely still kiosk admin after removal from "All Kiosk Administrators"
- [WD-8668[16]] - "Incorrect result size" when changing kiosk device ID

## New Feature

- [WD-7440[17]] - New Interface for monthly project time booking in %
- [WD-8185[18]] - When starting a new booking delete any immediately preceding bookings with less than 0min as unintentional
- [WD-8539[19]] - Monthly project % time booking - Project picker

## Task

- [WD-8580[20]] - Make sure existing webdesk.properties ClusterConfigs (RMI) continue working without manual reconfiguration

## Improvement

- [WD-8254[21]] - Possibility to assign multiple kiosk admins
- [WD-8378[22]] - Android Device ID of deleted kiosks shall be excluded from uniqueness check
- [WD-8453[23]] - Clean up JMS properties in webdesk.properties
- [WD-8499[24]] - Add Serializable interface to cached objects
