

# Job Delete Log Data

Der Job Delete Log-Data löscht die Log-Daten. In der Konfiguration wird die Anzahl der Tage eingegeben...

The screenshot shows a configuration window with three tabs: 'Trigger', 'Mailversand', and 'Jobkonfiguration'. The 'Jobkonfiguration' tab is selected. Below the tabs, there is a label 'Tage zurück' followed by a text input field containing the number '3'. A small question mark icon is located to the right of the input field.
