The screenshot displays the user interface of the webdesk EWP system. On the left, a dark navigation sidebar contains a search bar and a list of menu items: Home, Booking, Info, Requests, Project time, Management, Special Reports, Business Trips, Workflow, Planning my employees, Extended functions, and two Administration entries. The main content area features a light blue background with a decorative graphic of a hand holding gears. A circular profile picture of a woman is positioned next to a personalized welcome message: "Welcome Ulrike to your personal webdesk. We are wishing you a successful evening...". Below this, a notification box displays a test message from an administrator, including the date and time of creation. At the bottom of the notification area, there is a "New quick note" form with a text input field and a "Save" button.
