

Job WfCheckDeadlines

Der Job WF Check Deadlines überprüft die Deadlines laufender Prozesse.

The screenshot shows the configuration window for a job named 'WfCheckDeadlines'. The window has a title bar with a clock icon and the text 'Job'. Below the title bar is a menu bar with four items: 'Speichern', 'Speichern & Schließen', 'Zurück', and 'Job starten'. The main area is divided into two sections. The top section contains three fields: 'Name' with the value 'WfCheckDeadlines', 'Aktiv' with a dropdown menu set to 'Ja', and 'Beschreibung' with a text area containing 'Checks Deadlines of running Process instances'. The bottom section is titled 'Trigger' and contains three columns: 'Zeitplan Typ', 'Einstellungen', and 'Löschen'. Under 'Zeitplan Typ' is a dropdown menu set to 'Täglicher Trigger'. Under 'Einstellungen' are two dropdown menus for 'Stunde' (set to 13) and 'Minute' (set to 34), and a checkbox that is unchecked. Under 'Löschen' is a checkbox that is checked. Below these columns is a button labeled 'Neuer Trigger' and a dropdown menu set to 'Nichts gewählt'.

Eine detaillierte Beschreibung zu den Job-Parametern finden Sie im Kapitel **Jobs**.
