

Job Migrate WD2 Processes

Mit dem Job Migrate WD2 Processes werden bestehende Prozesse aus Webdesk 2.x migriert.

Jobkonfiguration

The screenshot shows the configuration page for a job named "Migration WD2 Prozesse". At the top, there are navigation buttons: "Speichern", "Speichern & Schließen", "Zurück", "Job starten", and "Löschen". The "Name" field contains "Migration WD2 Prozesse" and the "Aktiv" dropdown is set to "Nein". The "Beschreibung" field is empty. Below this, there are tabs for "Trigger", "Mailversand", and "Jobkonfiguration", with "Jobkonfiguration" being the active tab. The configuration fields are as follows:

Domino Servername	w3s3:63148
