

Bug

- [[WD-8342](#)¹] - projecttime report has wrong data
- [[WD-9069](#)²] - Project long names are not displayed in monthly time efforts after choosing a project
- [[WD-9695](#)³] - Add visual indication on rightclick in hr-expert organigram
- [[WD-9747](#)⁴] - Empty field in time models should not be there
- [[WD-9748](#)⁵] - Exception when trying to delete an API-key that is used by a Kiosk
- [[WD-9808](#)⁶] - editKiosk displays a horizontal scrollbar when registering a kiosk
- [[WD-9865](#)⁷] - Folder explorer layout is broken on mobile
- [[WD-9925](#)⁸] - "Starting employments" dashlet in HRX doesn't work
- [[WD-9929](#)⁹] - Chosen Popup is cropped / hidden behind layer
- [[WD-9938](#)¹⁰] - Switch position of "Way time credit" and "Last going booking"
- [[WD-9940](#)¹¹] - Project chooser search/filter layout issue on IE
- [[WD-9945](#)¹²] - Layout issue on the Client setup page on IE
- [[WD-9947](#)¹³] - "Add" button for cycles should reappear
- [[WD-9950](#)¹⁴] - Edit Monthly time efforts issues on IE
- [[WD-9952](#)¹⁵] - Exception when searching for a document template
- [[WD-9956](#)¹⁶] - Restrict shown daily programs when a client is selected
- [[WD-10044](#)¹⁷] - Selecting no vehicle on creation causes vehicle to be automatically selected when viewing or editing a travel
- [[WD-10050](#)¹⁸] - Dates in Travel Summary do not wrap correctly on IE
- [[WD-10066](#)¹⁹] - HR-Expert Employments layout issues
- [[WD-10078](#)²⁰] - Org Structures Hierachy field shows up twice
- [[WD-10096](#)²¹] - Show Client No of Persons/active Users wrong
- [[WD-10104](#)²²] - Changing to module TA in client causes exception
- [[WD-10112](#)²³] - Deleting an API key for an existing kiosk leads to exception when opening Kiosk
- [[WD-10115](#)²⁴] - Creating a new API fails due to exception
- [[WD-10137](#)²⁵] - Livechat widget creates new channel upon page refresh
- [[WD-10142](#)²⁶] - HrPersonConnector: export of terminated persons is not possible anymore
- [[WD-10225](#)²⁷] - Can not use Vehicle's Logbook in the past because of invalid column name
- [[WD-10234](#)²⁸] - doProjectTimeBooking table column order wrong
- [[WD-10247](#)²⁹] - Travel Kilometer allowances route buttons should not wrap to a new line
- [[WD-10248](#)³⁰] - Translations
- [[WD-10276](#)³¹] - Add the react time component to Credit tab in daily programs

New Feature

- [[WD-10004](#)³²] - Create react component that will handle time inputs

Task

- [[WD-9780](#)³³] - Target time hours should be "duration selection" instead of time-picker
- [[WD-9781](#)³⁴] - Make visual that time model program or week is public
- [[WD-9854](#)³⁵] - Change interaction for "New Daily Program"
- [[WD-10098](#)³⁶] - Allow central VAT Tax percentages by system
- [[WD-10100](#)³⁷] - VAT tax percentage and amount in TmRecordBase
- [[WD-10102](#)³⁸] - Display VAT tax percentages and amounts in tm_editTravelFolder
- [[WD-10103](#)³⁹] - Allow export of VAT Tax figures with the travel decorator / connector
- [[WD-10134](#)⁴⁰] - Help texts for Live Chat feature needed
- [[WD-10150](#)⁴¹] - IE: Add polyfill for String.prototype.includes

Improvement

- [[WD-5985](#)⁴²] - Run Webdesk on OpenJDK
- [[WD-9070](#)⁴³] - There should be a confirmation popup for resetting in monthly time efforts
- [[WD-9227](#)⁴⁴] - When kiosk-info Endpoint is Called, Update the Kiosk's Language
- [[WD-9387](#)⁴⁵] - Improve look & feel of "Booking Rounding" section in tab "Credit" of editTimeModel
- [[WD-9438](#)⁴⁶] - Make table titles in HRX match their Webdesk counterparts
- [[WD-9742](#)⁴⁷] - IDs in time models and time model programs
- [[WD-9770](#)⁴⁸] - Same style for Client Selector and Search Field
- [[WD-9783](#)⁴⁹] - Change background for Saturday and Sunday in quick creation of TimeModelProgram
- [[WD-9800](#)⁵⁰] - New improvements on correction client mobile on cards with booking info
- [[WD-9848](#)⁵¹] - Show Hours per week in normal minutes to comply with the table
- [[WD-9872](#)⁵²] - Choosers have different styles when enabled/disabled
- [[WD-9877](#)⁵³] - Correctly display rich text from Appraisal Interviews within HRX in read and edit mode
- [[WD-9879](#)⁵⁴] - Readability improvements in dashboard windows titles
- [[WD-9946](#)⁵⁵] - Hours per week should be calculated automatically in existing weekly programs
- [[WD-9976](#)⁵⁶] - Make weekly program 6020 fields available in ta_getOrgJournal.act report
- [[WD-10001](#)⁵⁷] - Handle null values in SimpleDataListHelper
- [[WD-10002](#)⁵⁸] - Set client for TaTimeModel and TaTimeModelProgram in service
- [[WD-10065](#)⁵⁹] - Max. 1 Attachment per record
- [[WD-10099](#)⁶⁰] - Allow VAT tax percentages by TmRecordType
- [[WD-10101](#)⁶¹] - Display of VAT tax percentage and amount in travel expense calculation
- [[WD-10111](#)⁶²] - integrate duration input field to showcase
- [[WD-10121](#)⁶³] - Display the taxableKmOfCommute field in webdesk and HR-Expert person editor
- [[WD-10124](#)⁶⁴] - HRX: provide same grouping for TA person specific fields as in Webdesk
- [[WD-10179](#)⁶⁵] - minId for TaTimeModelProgramm and TaTimeModel should be set in tacon.properties
- [[WD-10236](#)⁶⁶] - Creating Travel Expense with a record that has no Vat Percentages throws error
- [[WD-10278](#)⁶⁷] - VatTaxPercentage allow null selection and fix travelFolder view
