4.0.39

Bug

- [WD-6978[1]] - vacationrequest on the same date of an other request
- [WD-7469[2]] - Exception if "from date" and "Eintrittsdatum" inside a vacation request are the same date
- [WD-7598[3]] - hr_showPersonProfile: data displayed in wrong format (en vs. de) / typos
- [WD-7803[4]] - wf_getOrgProcessInstances configuration: no value when choosing Processvariable in some cases
- [WD-7827[5]] - Edit time efforts: time-field is broken / time-chooser missing or time-value out of viewport
- [WD-7831[6]] - Employee picture looks konvex
- [WD-7837[7]] - HR-Expert person editor changes top tab "Employment" when clicking to another tab and then "Edit"
- [WD-7879[8]] - editPersonCertificates: several problems / bugs
- [WD-7881[9]] - Certificate-Group without assigned client causes IllegalArgumentException: id to load is required for loading
- [WD-7883[10]] - ClassCastException when trying to open the details of a skill
- [WD-7885[11]] - Responsive issues in EVM report "Geräteverleih"
- [WD-7886[12]] - Responsive issues in EVM report "Raumreservierungen"
- [WD-7887[13]] - Responsive issues in EVM report "Meine zukünftige Veranstaltungen"
- [WD-7898[14]] - Skin switches when switching users
- [WD-7917[15]] - Fix room calendar dropdown field layout

Improvement

- [WD-6404[16]] - Switch History management to clientside to preserve correct history per tab.

Task

- [WD-7928[17]] - Absence comment button inside the client configuration just hides the comments for yourself
